LK resin

Resin Bound Aggregate Surfacing
An encapsulated natural aggregate surface with a smooth troweled finish. Perfectly meets current demands for sustainable drainage (SUDS) whilst ensuring a stunning surface.

Choices and Blends
Vast range of natural and recycled materials available - blends and creative inlaid graphics made to your specification.

Benefits
Superb natural appeal
Permeable for rapid drainage
Smooth finish with no loose stone
UV stable
Fast installation
Extremely durable & hardwearing
Low maintenance
Flexible & crack resistant
Can preclude the need for excavation

Applications
Patios, Paths and Driveways
Pool and Pond Surrounds
Courtyards and more.....
